grow your own media lab

Gyoml {Grow Your Own Media Lab}, a networked national project developing ground-up media spaces, methods and practice. The Polytechnic developed a series of workshops and set-up two 'Grow your own media labs' in two communities- **Throckley community center** (Newcastle) & **Washington Arts Centre** (Sunderland) led by two artists in residence- Matt Gray & Steve Symons.

Gyoml is initiated by **Access Space**, Sheffield and in collaboration between; **folly** , Lancaster, Access Space and The Polytechnic. The 'Gyoml' project also worked in collboration with the **AV06** Festival:Life Like.
