Returning outdated software manuals to useful organic matter.

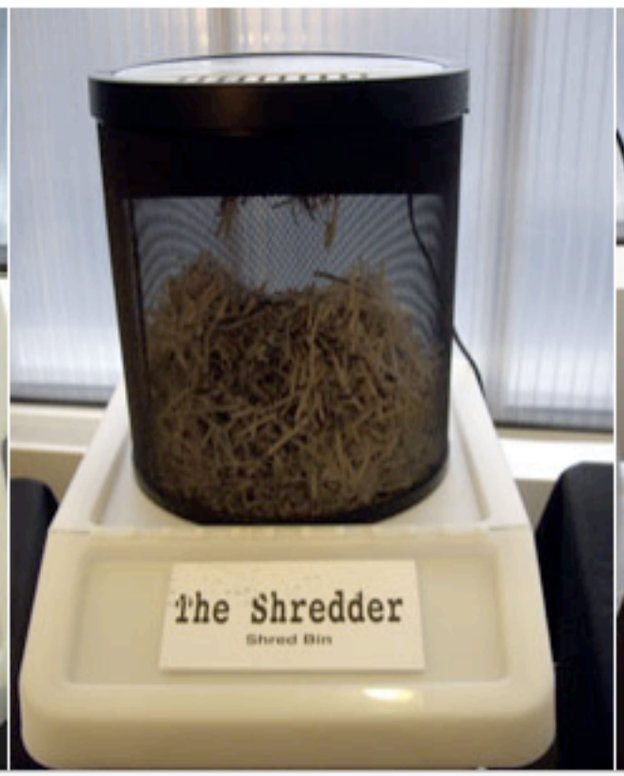

By shredding proprietary computer manuals and mixing the paper with coffee grounds we take the two staple components in a geeks day and turn them into a useful growing medium.

Commission
The Shredder has been commissed by the Feral Trade Cafe to provide cafe ingredients. Installed in the cafe The Shredder is currently utilising the growing field of DIY mycology to fruit oyster mushrooms on a compost of shredded computer manuals and coffee grounds.

Come along and sample the mushrooms as part of the feral trade cafe's menu & bring along computer manuals to shred.

Shredding station
Please bring along all your old software manuals to be shredded. The shredding station is on the 2nd floor landing at the Tyneside cinema.
